

It gives me an immense pleasure to introduce FACE. FACE(Fellowship Association for Culture & Education) is a volunteer unit of East West educational & Cultural Welfare

You will be glad to know that FACE is expanding everyday since its foundation in 2006. It has set up partnership with many organizations in the various countries. Recently European Union has granted our project in association with our Hungary partner HVSF

https://eacea.ec.europa.eu/youth/projects/compendia/documents/description_of_projects_youth_in_action_2008_r2.pdf.

Govt. of Gujarat Department of Education has regarded us as one of the best student promoting organization in India. Journey does not stop here UNESCO youth Korea has become our official partner. Community Governments of New Zealand and Australia have put the FACE in their directory www.community.net.nz/sitemap.aspx - 629k , lists.community.net.nz/cna/?cat=3, some universities also have given us space and informed their students about FACE and its activities www.aaa.uni-augsburg.de/de/praktikum/praktikumsplatzsuche_offeneStellen/downloads../GENERAL_DESCRIPTOR-1.doc .

Still, FACE is a small organization . It is a grass root organization and charging nominal participation fees which include accommodation, food and basic transportation.

There are many organization who just run their website and attract people to join them and place them around the world and you may know these organizations are charging a very high fee only for the placement.

FACE provides some of the best volunteering opportunities in India at a very low cost.

We receive volunteers in groups as well as individual from many countries we have project/work camps and a volunteer can choose and select any date and duration of work camp according to choice and interests, skill and educational qualification.

Our areas of service include:

- 1.Education
- 2.Social Welfare
- 3.Medicine
- 4.Cultural Awareness
- 5.Health Care/Medicine

We perform our all projects themselves and with the help of other organizations in India and abroad..

We will organize some short term work camps on certain date and duration in various cities. But our long term camps are open any one can participate any time for the desired duration.

In addition some work camps are open a volunteer can choose his /her date and duration these are in the following cities:

- 1 . New Delhi Project: Children Education/Women Empowerment
2. Faridabad, New Delhi: Medical Health care, Children Education, & office management
3. Udaipur Rajasathan: Children Education Working with Handicapped, Health & Medicine, Animal

Protection

4. Chennai , Tamilnadu: Education working at orphanage, Rural Development
5. Madurai Tamilnadu: Health & Medicine working with a charitable hospital
6. Arrovilla, Pondicherry South India: Environmental protection, Forest Conservation, and childhood education
7. Jaipur, Rajasthan: Child Welfare
8. Dharmasala Himachal Pradesh: Childhood Education, Arts & Crafts

In the above mentioned cities we can accept volunteers any time for at least three weeks.

We have also recently launched the International School Partnership, a school/ college exchange project which enables the students to have direct interaction with Indian schools educational systems and school curriculum in this program we will receive students of schools and colleges from abroad and will associate the students with the schools/College in National Capital Region, New Delhi and other parts of the country.
